The month of September is dedicated to **Our Lady of Sorrows**. Devotion to the sorrows of the Virgin Mary dates from the twelfth century, when it made its appearance in monastic circles under the influence of St. Anselm and St. Bernard. The Cistercians and then the Servites undertook to propagate it. It became widespread in the fourteenth and especially the fifteenth centuries, particularly in the Rhineland and Flanders, where Confraternities of the Sorrowful Mother sprang up. It was in this context that the first liturgical formularies in her honor were composed.

'And thy own soul a sword shall pierce, so that the thoughts of many hearts may be revealed.' (Lk 2:35)
